

## Micro Hume

Micro-Hume helps activate enzymes and intensify the metabolism of proteins having a positive growth regulating effect on plants. This will also help to regulate rapidly changing hormone levels of plants going through stress levels.

### STORAGE

Keep container sealed tightly when not in use. Do not expose to sunlight for long periods of time. Store in temperatures between 41 F and 77 F.

Dispose of waste material according to local, state, and federal environmental laws and regulations.

### CAUTIONS

Because of the nature of Micro Hume care should be taken when mixing with phosphate or Calcium products. Always do a jar compatibility test before mixing any two products other than water in your tanks.
